par Pur Béton

Rekto 36

Section A-A

General notes

Pur Béton work to tolerances of +/- 1/8" on all dimensions. It is the responsibility of the client to verify that all dimensions and said tolerances are suitable for the purpose of the project.

Tap holes for surface mounted taps.

Pur Béton work to tolerances of +/- 1/4" on all positioning and hole diameters of taps holes.

It is the client responsibility to specify the proper hole patterns and positioning necessary for proper fit of taps.

A supplemental drawing will then be issue by Pur Béton and a signature will be ask to confirm positioning of hole pattern prior to manufacturing.
