

# Rituel

par Pur Béton

## Rekto 60B

### General notes

Pur Béton work to tolerances of +/- 1/8" on all dimensions. It is the responsibility of the client to verify that all dimensions and said tolerances are suitable for the purpose of the project.

### Tap holes for surface mounted taps.

Pur Béton work to tolerances of +/- 1/4" on all positioning and hole diameters of taps holes.

It is the client responsibility to specify the proper hole patterns and positioning necessary for proper fit of taps.

A supplemental drawing will then be issued by Pur Béton and a signature will be asked to confirm positioning of hole pattern prior to manufacturing.

### Product description:

Concrete bathroom sink

Suitable for wall or surface mounting.  
Design for use with wall mounted taps.  
Compatible with all standard 1.1/4" dia. waste.  
Available with or without brackets.

Length: 60"
